## INVENTS BRAND FOR PROTECTION STOCK RAISERS

BRANDING IRON ALSO RECORDS NUMBER OF ANIMAL FOR IDENTIFICATION.

Monard V. Hayes of Deport, Texas, has invented and recently secured a patent on an animal brander, that should prove beneficial to Nye county stock growers, which will forever stop disputes between stock raisers over the possession of stock and put cattle rustlers out of business.

The iron will not only brand the initials of the owner, but is so arranged that each animal branded has a different number, the numbers running from 1 to 9999.

With a book which Mr. Hayes has gotten up, a stock man can, by his initials and the number branded on the animals, keep a record of the date he purchased it; what he paid for it; when he sold it, and the profit he made; or if he raised it, the date of its birth, how long he kept it and what he realized on the sale.

In case a fence is torn down or thieves are active, the stock man, if he used this branding iron, would be enabled, by the book mentioned, to tell exactly the number of stock missing, their branded numbers and their value.

Stock raisers as well as all other kinds of businesses, needs all the improved methods and devices they can afford, and we know of nothing that has been invented within the last few years that will prove as valuable to the stock raiser as this new branding iron.

## IMPEACHMENT OR REMOVAL OF JUDGE LANGAN IS URGED

(Continued from page 1)

ceiver. Many of the assets, however, are mining stocks, which under proper management might in time materially contribute to the relief of the creditors.

One of the best assets received by the receiver, namely, the Tonopah California Gold Mining company stocks, through the negligence of the receiver or those in his employ, is practically lost to the estate. While the receiver holds 562,000 shares of stock of this corporation, he also held a note for \$21,329.10 against the corporation. Suit was brought by him against the corporation and judgment obtained; seven of the claims owned by the corporation levied upon and sold under execution, and bid in by the receiver, and for which a deed was obtained. The claim on which the shaft and machinery was situated was not sold under execution, and contains only a small amount of ground. He thus was interested as a stock holder in the corporation owning this fraction having the machinery and shaft upon it, and also held a deed as receiver for the seven remaining claims. A lease by the receiver was let on the property. The assessment work was not done on the seven claims brought under execution, and were jumped for failure to do assessment work, and are now in the possession of parties claiming them under relocation.

Were the title to this property now in the condition it was when the receiver took charge, it would be a very valuable asset to the estate. It joins the Jim Butler and Rescue properties, and is well located as to prospective future development, and this stock under proper management should now be worth from twenty to twenty-five cents a share. It is likely that the tangle in which he has involved this property can only be settled by an expensive lawsuit with a fair chance for this asset to be lost to the estate. We are informed that on May 12, 1913, Mr. Wildes offered to take \$15,000 for all interest in this one valuable asset, and were it not for the tangle it is now in, due to his negligence, the creditors could hope for a substantial dividend from this asset alone.

Mr. Wildes also disposed of for a

## SHH! LADIES! SECRET TO DARKEN FADED GRAY HAIR---USE SAGE TEA

Sage Mixed With Sulphur Restores Natural Color and Lustre to Hair.

Why suffer the handicap of looking old. Gray hair, however, handsome, denotes advancing age. We all know the advantages of a youthful appearance.

Your hair is your charm. It makes or mars the face. When it fades, turns gray, or looks dry, wispy and scraggly just a few applications of Sage Tea and Sulphur enhances its appearance a hundred fold.

Either prepare the tonic at home or get from any drug store a 50 cent bottle of "Wyeth's Sage and Sulphur Hair Remedy," ready to use; but listen, avoid preparations put up by

drugists as they usually use too much sulphur, which makes the hair sticky. Get "Wyeth's" which can always be depended upon to darken beautifully and is the best thing known to remove dandruff, stop scalp itching and falling hair.

By using Wyeth's Sage and Sulphur no one can possibly tell that you darkened your hair. It does it so naturally and evenly—you moisten a sponge or soft brush, drawing this through the hair, taking one strand at a time which requires but a few moments. Do this at night and by morning the gray hair disappears; after another application or two its natural color is restored and it becomes glossy and lustrous and you appear years younger.

pittance some twenty or more houses and today two months' rent from one of these houses would almost pay the price received by Mr. Wildes, notwithstanding the "policy of conservation" claimed by Mr. Wildes and found by the court to be true.

Thus far we have been unable to determine the exact status of the Sullivan properties at Manhattan. These properties, if properly handled, should be bringing in a good revenue, or else should be converted into a marketable asset.

T. B. Rickey, according to Mr. Wildes, was responsible for the Sullivan loans, amounting to \$410,000 of depositors' money, and Rickey should under the facts appearing of record, have been compelled to repay these illegal loans.

## President Rickey Protected.

The liability of the president and board of directors of the State Bank and Trust company for misfeasance and malfeasance in the administration of the affairs of the bank upon the appointment of the receiver became assets in his hands, and it was his duty to follow up and collect all such assets. Two directors alone offered to pay the sum of \$40,000 to be released from further liability. Their offer, which is a matter of record, was rejected. Had their offer been accepted and suit been vigorously prosecuted against the president, T. B. Rickey, the tangible assets of the bank should have been increased by several hundreds of thousands of dollars.

## AMUSEMENTS

Butler Theatre.

At the Butler this afternoon and evening the following interesting program will be shown: "The Crazy Prospector," an Essanay western drama, with G. M. Anderson in the title role. "The Harsh House Count," a Kalem comedy, "Toothache," a comedy. "The Artist's Great Madonna," a Vitaphone drama in two parts. An artist, ambitious to paint the greatest of all Madonnas, searches the world over for a suitable model. One escapade follows another. The object of his search is almost within his grasp a dozen times. Finally he returns home, heavy of heart and broken in spirit, and there to his great astonishment and joy he finds his Madonna in the person of his own wife. Tomorrow, a big comedy, "Hiram Buys an Auto." Wednesday, "Love and War in Mexico," a two reel feature. Thursday, Pathe Weekly.

## ASSESSMENT NOTICE

UMATILLA TONOPAH MINING COMPANY. Location of principal place of business, San Francisco, California. Location of works, Tonopah, Nye County, Nevada.

Notice is hereby given that at a meeting of the Board of Directors, held on the 13th day of June, 1913, an assessment (No. 2) of one (1) cent per share was levied upon the capital stock of the corporation, payable immediately in United States gold coin, to the Secretary, at the office of the company, Room 245 Russ Building, San Francisco, California.

Any stock upon which this assessment shall remain unpaid on the 15th day of July, 1913, will be delinquent and advertised for sale at public auction, and unless payment is made before, will be sold on MONDAY, the 15th day of August, 1913, to pay the delinquent assessment, together with the cost of advertising and expenses of sale.

By order of the Board of Directors. CHARLES D. OLNEY, Secretary. Office—Room 245 Russ Building, San Francisco, California. 114-115
